Arthur GACON LAGAYE

2ND-YEAR COMPUTER SCIENCE STUDENT (BUT)

SEEKING AN INTERNSHIP

PROFILE

Computer science student in the BUT Informatique program, aiming to build a career in cybersecurity or video game development. I am looking for an internship to put my programming skills into practice and learn how a technical team works. Persistent and caring, I enjoy working in a team.

EDUCATION

BUT Informatique – 2nd year — Since Sept. 2025
IUT de Castres (University Institute of Technology) – Bachelor of Technology in Computer Science

Baccalauréat (general track) — 2025
Specialisms: Digital and Computer Science (NSI) and Mathematics
Lycée Joseph Saverne, L'Isle-Jourdain – completed one year early

PROJECTS & EXPERIENCE

NSI Trophy – Regional finalist — 2025
Regional team programming tournament

Studio XP (online) – 3-week internship — 2022-2023
Video game development with Unity.
Introduction to the roles of the digital art and game industry: developer, game designer, graphic artist.

Airbus, Toulouse –Observationinternship — 2022
Middle school placement: introduction to careers in aeronautics.

TECHNICAL SKILLS

- **Programming**: Python, Java, JavaScript, SQL, C
- **Game engine**: Unity
- **Operating systems**: Linux, Windows
- **Office tools**: Microsoft Office, Google Workspace, Canva

SOFT SKILLS

Perseverance · Teamwork · Kindness · Curiosity · Autonomy
